Quite the tactician.

one can control the rest of the conversation as they wish...

By first hearing the attitude of the other party,

I'm impressed.

I liked the scene near the end where they're caught in a pincer attack and don't know what to do, and the main force...

Mine?

which part was your favourite?

Yukari-san,

Of course...

the one where they spread misinformation...

it would be during the scene where the enemy incites a rebellion,

In my case,

Incidentally,

which was your favourite part, Darjeeling-sama?

Me?

Will Durant, yes?

by any chance?

"Love's first duty is to listen",

Have you heard the phrase

but we've strayed off topic.

...ah,

Akiyama-san...

It's true for Nishizumi-san too, but...

Listening to her partner just comes naturally.

ダリクラコーナー

Those two make quite a nice match.

I had presumed it was a normal date until now...

Furthermore, a tank shop as the conclusion...

Oh my.

What has you so surprised?

Well...

It seems that the last stop is a tank shop.

Eh!?

Here, have a look.

Don't you think it's a wonderful phrase?

Diego Fabbri, correct?

I believe he was an Italian playwright.

but accepting them for who they are."

"Love means not trying to change someone,

They do look incredibly ...happy.

Don't they?

ヒュオオオオオオ…

Oh!
They left the shop!!
正券
Let's pursue!!

Thank you.
Here, tea.
The sea breeze is too strong...
We won't be able to hear their conversation.

Oh my!
So they are!!

Ah!
Hands!!
They're holding hands!!

"Love is being dumb together."

I can barely watch!

Doing something like that in public...!!

ヒュオオオ…

and then naturally led to this.

"Are your hands cold?" "Well, it is cool out"

Impressive...

the conversation went something like

I suspect

Why are you making such strange sounds!? It's improper...!!

Goodness!!

Hm?

Kyaa!!

your actions may seem somewhat foolish—

Though from the outside,

Paul Valéry said this, did you know?

CRASH

...ome.

Darjeeling-sama?

Are you alright!?

Aaah, your precious teacup!!

Darjeeling-sama!?

No romantic experience.

Critical hit.

total defeat... He he he

we should admit

For today

Let's go home...

Let's hurry home...

What is it?

Darjeeling-sama!!

And outside at that...

Umm...

First kiss on the first date...

Darjeeling-sama.

Eh

May we stay a little longer?

W- We mustn't!!

Dar-jee-ling-sama ...

Giving up my day off to follow you around all over the place even when we don't have a match,

isn't something I'd norm-ally do.

Eh!?

Please indulge me for a moment.

I came along today because

I wanted to be with you.

Any more than this and we'll be beyond observation and into prying.

You're saying this now!?

Um...

Do you under-stand what I mean?

...?

In other words I want to be dumb with you. ...that's sort of what I mean.

...

Love is being dumb together.

EO-

Very happy!

!!!

I'm happy!!

Th-

Thank you

First time being confessed to.

If by that you mean that you love me...

then you are certainly foolish.

!

But...

:

I'm—

Are you really alright with me?

Yes!! Of course!!

-The proverb of love-

Elisabeth Browning, the English poet, right?

That proverb is...

All those who love, even a little, are wiser for it."

Incidentally,

Yes!

on the other hand, it will also make us wiser, will it not?

Love may make us foolish but,

ペコは毎度格言を聞かされて、げんなりしながらそんなダーさんが好きだと素敵だな、という漫画でした。

みほゆかは、アニメ本編のあの調子で、一生幸せにやってたら良いと思います。

少しでも楽しんで頂けると救われます。

Nishi-zumi-dono!?

Good morning, Yukari-san.

There's still 30 minutes until the meeting time!

You're too early!!

So are you, Yukari-san.

Ah...

Umm...

Miho Nishizumi is... quite frightening.

Impressive...

Anticipating the other party's thinking and preempting them...

Darjeeling-sama?

-The proverb of love-

"In both love and war, all methods are permitted".

Are you familiar with that saying?

From John Fletcher, the English playwright?

Indeed.

I thought we came here for reconnaissance...

Yes, precisely so.

What is it?

...I see...

So essentially,

you want to pry into their date and needed a plausible reason.

In other words,

by observing how she approaches romance,

we can conjecture what Nishizumi-san's tactics will be on the battlefield.

They're moving!

a film is an excellent choice.

For a first date,

How so?

But,

if the production is boring or not to your partner's tastes,

won't it cause disaster once you've finished watching?

On top of the need to be together for a prolonged period,

there's also no need to force a conversation, yes?

Informant

That's, well... it is Nishizumi-san we're discussing.

I see.

I'm sure she's informed enough that such a thing won't happen.

As you wish.

May I... go buy some popcorn?

そわ

What is it?

By the way, Darjeeling-sama?

Yes.

It's starting.

Wasn't it interesting?

Yes!

Thank you very much.

if you please.
